Hash Runs

18/07/10 White heart Yetminster – MC ok to set up – Check how the Hare Finding is going?

Club Clock NB looking after from the next 5km onwards.

4. Officers' reports -

Annie - Ninesprings, After the start of the 4.5K runners, the Town Crier, Mayor and a few others stated that the YTRRC's races went really well. First aid agreed and said we were friendly.

Any feedback is always appreciated, whether running, spectating or marshalling. The Club and Committee have worked really hard over the last few years to get good reports and feedback for our races, raising our profile. Any member can attend our Committee Meetings normally held on the first Wednesday of each month, or email a Committee Member with your input. Please speak to the Committee first with any problems or feedback. Look at the possibility of emailing the minutes to all members?

Non YTRRC Marshall's did not know Ninesprings – AA has re-done the Marshall points with pictures & descriptions for next year to help marshals' find the posts. All pictures modeled my Gareth & Monty.

Club did not organize route very well when setting up, PJ ran one way & MC the other. Finding the 2km split to set up was difficult? Use as a Summer Route & AA to run. Look at making the finish more obvious, km markers - we do not need all of them. Route slightly longer than last year – moving finish will shorten. A few heated discussions – not happened previously and will ensure doesn't happen again when setting up.

Prizes left over to be used for 5km juniors.

Presentation Evening on 14/07/10 Mike Shead has not replied to Annie yet, Annie & Gareth to attend Thorn House to represent the club & present the cheque. PJ to sort out cheque big cheque for pictures.

Nigel - Web Site

Separate pages for runs, hash, cross country, speed training. Races - members feedback on races, Reports to Matt & the webmaster. Links to other races – including non club races.

Now more up to date again and better/fresher to look at. 1 map was missing, now updated by Nigel.

Matt – Club Kit

Last order took a long time; manufacture of small quantities takes 8-10 weeks, a long time to wait for new members. Happy to order more but storage is a problem. LG offered to store kit – need to speak regarding storage space of other items.

Shirts have arrived. Hoodies - await cooler weather for increase in sales.

Race Club Colours – Forde Abbey Sam Harvey given 50 points as wearing club colours & entered as YTRRC. Joint positions to get same value and then miss the next point. Updates to be sent monthly to Nigel by Annie for the Club Championship.

5. Club races –

5k

MC, disabled race start off 5 mins earlier than main race. Marshalls in place earlier & extra starter plus separate timing required if more competitors entered. Finish to the side of the funnel and be aware of cars especially by car parks.

Phil & Pete have teams and help to organize. Possibility of “List of jobs to do” for more help on the evening.

Marshall organizing – nominated person Lee to be there on Wednesday.

Poss of having points for marshalling – future requirement.

Push marshalling in Newsletter – what it's like to marshal – emails to Matt Driver

Ash forms to be given to Adam at 5km.

KAT,

31 entries, entry forms to be taken to other races.

Proposed 10k at Leweston

Do the race in reverse from how it was run on the evening.

Extra Race Director required, logging into computer and entries, checking RW website etc. – can organize more if required. LG volunteered and will to shadow torment with PM.

Santa Run

Moving forward

Social Report:

Brewery Trip 16 names push at Tuesday runs. Take extra nibbles & PJ to pay.

6:

AOB:

Mentors – new website & Webmaster is it possible to put people in touch with each other? Request for Hardware on the website and not software for dating! Possible blog page for matching people to help required. List of Mentors or what people are doing. Speed Training etc

Argentan – £800 for accommodation, coach booked, if anyone wants a single room they are to pay the single person supplement.

Mike Heagon from Ron Hill – possible 30% discount. General kit is it possible to add to website or add link to catalogue? Ridgeway manufacture the kit for us, PJ to check detail of letter and confirm.

Race results - chips throw away once only use, £470 check quantity. Trials, still at manufactures and PJ still looking into. System has 12 hours battery life and can connect to the mains.

7. Fix a date for next meeting – 28th July as Haselbury 10k race on 4th August

20.13pm Meeting finished
